Whole House Filtration & Conditioning System

WHY H2 ZERO?

ZERO ELECTRICITY

ZERO BACKWASH

ZERO MAINTENANCE

ZERO FILTER CHANGES

IMPORTANT!

Your system will not be ready for use for a minimum of 48 hours while the carbon soak process takes place. Please plan your installation accordingly.

If you do not follow this step the water may become discolored and carbon fines may enter the home.

Installation at a Glance

Pre or post filter option for increased sediment reduction.

Ball valve

PRV

Main line from street

Installation of a hose bibb and a shut-off (ball) valve is required downstream from the unit.

Hose bibb

WARNING: Do not use with water that is microbiological unsafe or of unknown quality without adequate disinfection before or after the system. Intended for use treatment of cold water only. Do not exceed 80 psi. Intended for residential use only.

NOTE: The HALO filtration systems are intended for treatment of potable water provided by municipal water providers. While the HALO Filtration Systems may be effective for treatment of well water it is vital that a well water quality analysis be provided for review and recommendation in to ensure that optimum results can be realized. Failure to provide a current well water report to HALO Water Systems for analysis and recommendation voids all warranties.

Option 1:

HALO ION Scale Inhibitor

The HALO ION Scale Inhibitor uses multi-reversing polarity permanent magnetic fields to affect the “ionic charge identity” of the CaCO_3 and MgCO_3 so that they remain suspended in the water rather than precipitate out as hard water scale. This is the essence of the “conditioned effect” delivered by the HALO ION Scale Inhibitor.

10 year warranty on HALO HAC/KDF55 media.

10 year warranty on ION conditioner magnetic field.

Option 2:

HALO Scale Media: Explained

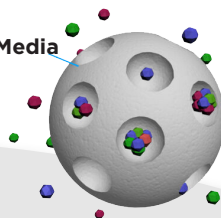

Scale media granules provide nucleation sites that cause dissolved calcium, magnesium and bicarbonate to combine into microscopic crystals. Once formed, these crystals detach from the media, and flow freely through the system.

10 year warranty on HALO HAC/KDF55 media.

5 year warranty on scale media.
