

HALO Ultraviolet Disinfection System Limited Warranty

HALO (the "Company") warrants its ultraviolet disinfection product to be free from defects in material and workmanship under normal usage for the following periods beginning on the date of original shipment:

- 1 year from date of purchase

In the event of such defects within the applicable warranty period, the Company will, at its option, repair or replace the bulb and/or quartz sleeve with-out charge. Defective components are subject to inspection by the Company before any warranty remedy is provided. The Company will cover the cost of shipping any repaired or replaced product to you in the event the original product was found by the Company to be defective. The Company reserves the right to make changes or substitutions in defective parts or components with material of equal quality or value.

A return authorization number, issued by the Company, is required before returning any product to the Company for warranty claim evaluation. You must provide the product model number, serial number, and invoice number when making a warranty claim within the applicable warranty period. The original serial number and model number labeling must be intact on any product at the time any warranty claim is made in order for it to be eligible for a warranty remedy. You are responsible for the cost of shipping any defective product to the Company for inspection. Damage caused by improper handling while the product is in transit is not covered by this limited warranty. This limited warranty is provided by the Company to the original purchaser and is non-transferable.

THE WARRANTY SET FORTH HEREIN IS GIVEN EXPRESSLY AND IS THE ONLY WARRANTY GIVEN BY THE COMPANY WITH RESPECT TO THE PRODUCT. THE COMPANY MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED.
